

As Riverside's health care leader, Riverside Medical Clinic sets the standard for exceptional care. At the heart of our organization are physicians, nurses, and staff who are on a journey to make health care better for our patients and their families. It's what we call The RMC Signature – the combination of advanced technology, clinical excellence and personalized care.

We have created this brochure as your guide to compare plans. Here at Riverside Medical Clinic, we have combed through all of the plans that are available and selected the ones that we feel are best for

our patients. Now all you have to do is compare the various plan benefits and find the one that works best for you this year. That decision may be based upon cost of co-pays, prescription coverage, or maybe the out-of-pocket limit.

To stay with your primary care physician and specialists at Riverside Medical Clinic, you do have to select one of these plans.
